

H2OnGROW Hydroponic Kit – 65W

The EcoLiteco State-of-the Art H2OnGROW Hydroponic Kit’s Sleek Design and Effortless Operation Make It a Smart Choice for Growing Healthy Plants in Any Indoor Environment Year-Round!

Now you can display your garden like beautiful artwork in your home or workplace with an H2OnGROW Hydroponic Kit. This beautiful display fits in with any décor and includes everything needed to grow fresh microgreens, leafy greens, herbs, edible flowers, cannabis, hemp and more. The kit can be arranged to clone, or grow 29 individual plants, four-square feet of microgreens or germinate up to 144 seedlings in standard 10”x10” grow trays. The unit comes equipped with one full-spectrum white 65-watt plant-grow LED bar, 29 puck baskets, 29 grow pucks, a mini water pump, a starter grow mat and microgreen seeds, a 110 AC on/off timer and easy to follow installation and planting guide. Even without any previous growing experience, users can take plantings from germination to a mature harvest of edible plants from 7-to-24 days, bringing “farm-to-table” to a whole new level!

At the heart of each H2OnGROW Hydroponic Kit are industry proven full-spectrum white LED grow bars. Scientifically engineered to optimize and accelerate seed propagation and growth rate, these LEDs are considered industry leaders by experts (cannabis veg up to 500 $\mu\text{mol}/\text{m}^2/\text{sec}$, leafy greens 200-300 $\mu\text{mol}/\text{m}^2/\text{sec}$, propagation 50-150 $\mu\text{mol}/\text{m}^2/\text{sec}$). Now is the time to get your H2OnGROW to start growing like the pros at EcoLiteco.

29 Individual Plant Configuration

10”x20” Grow Trays Configuration

H2OnGROW Housing Specifications:

- Durable, Polyvinyl Chloride White (PVC)
- Removable LED Bar Arms with Aluminum Mounting Clips
- Removable Shelf Surface with 29 Staggered 2” Holes
- Food-Grade Quality, NSF 61 Approved Enclosure Liner
- Dimensions OD: 4”H x 13”D x 46”W
- Total Kit Weight: 21 Lbs/9.5Kg

Accessories:

- Automatic On/Off 110VAC Wall Timer, UL Listed
- Submersible Water Pump, 110VAC, UL Listed
- Warranty: Three Years

Infinity 2.0 LED Bar Specifications:

- Full-spectrum White Plant-Grow LED
- 120° Beam Angle
- Input Voltage: 110-277 AC
- LED Operating Power: 65 Watts
- LED Light Output: $\mu\text{mol}/\text{joule}$ 2.4 Efficiency
- Power Factor: > 0.9
- Ratings: IP66, ETL, UL8800, DLC Listed
- Lamp Life: 40,000 Hours (Q90/B20)
- Maximum Ambient Temperature: 30°C
- 120-Volt, 6.56’ (2m) Power Cable
- Warranty: Five Years
